Hi,

I revised per our discussion on Friday. Check your notes and let me know if our expectations diverged.

In addition to the changes I made in response to Barbara's comments a week or so ago, I changed the descriptors to match the newer language.

## Ex. 5 Deliberative Process (DP)

Attached are the tracked changes version with some responses to Barbara's comments and a CLEAN version.

I'll follow the same pattern for the LHP cancers.

Tom
